Build your products MADE IN GERMANY

Grow Your Opportunities

1

The business park offers the perfect work environment for your new headquarters in the geographical center of Europe. It puts you into the position to effectively and successfully invest in an expanding German market with young and promising German companies. Companies renowned for their solid expertise and cutting-edge technology, for example in the fields of:

- ▶ Renewable (green) energy
- ▶ Energy-efficient solutions
- ▶ Water-efficient and water recycling solutions
- ▶ Robotics, e-mobility, and lab&testing systems

2

Establishing a business presence here at the business park also

- ▶ opens the European market for your own range of products
- ▶ establishes a permanent EU market presence
- ▶ brings you a reputable headquarters for R&D, end-stage production and assembly
- ▶ allows you to benefit from the local expertise and networks that the business park can offer
- ▶ makes you eligible for EU research grants

3

Your MADE IN GERMANY products will compete worldwide joining Germany's new wave of leading exports setting new standards in your home market.
